- 4.8 Unless otherwise agreed with the Trustee in a Participation Agreement, Members' Accounts are denominated and reported on in United States dollars.
- 4.9 Subject to Rule 9.5, any interest, profit or positive return generated by monies invested into the Capital Protection Investment Option may be retained by the Trustee to pay for debits that it was incapable of passing in respect of a Member's Account invested into the Capital Protection Investment Account under Rule 4.4.

5. CONTRIBUTIONS

- 5.1 A Participating Employer shall make monthly Employer Contributions for each Member in its Qualifying Service of an amount not less than the Applicable Percentage of that Member's Qualifying Salary.
- 5.2 Employer Contributions under Rule 5.1 are to be made in respect of Qualifying Salary received by a Member in a calendar month and must be paid to the Trustee by the (twenty first) 21st day of the calendar month next following the month to which the contributions relate (or such later date as the Participating Employer is permitted in the circumstances to make payment without a breach of the relevant Applicable Law occurring), subject to the following:
- (a) where a Service Termination Date or a Cessation Date occurs in relation to a Member, Employer Contributions that accrued either in the calendar month in which the Service Termination Date or Cessation Date occurred, or in the previous calendar month, but for which (in either case) the due date for payment has not yet arisen may, at the choice of the Participating Employer, not be paid to the Trustee but instead paid by the Participating Employer direct to the Member;
 - (b) if an Employer omits to pay Employer Contributions by the deadline the arrears must be paid as soon as practicable after the omission is discovered, but the Participating Employer shall have no responsibility for any investment return lost by the Member as a result of late payment unless the omission was deliberate, and (for the avoidance of doubt) the Trustee shall have no responsibility in these circumstances whatsoever and the Member shall not have to account to the Participating Employer if he or she gains investment return as result of the late payment; and
 - (c) where an Applicable Law provides for an adjustment to be made in the calculation of the monthly contribution for any month, that adjustment.

- 5.4 Member Contributions may be made on any basis:
- (a) required to be available to Members of a Qualifying Scheme as a result of any requirements of an Applicable Law in respect of such Member; or

account shall be converted into United States dollars and shall be reflected in the Members' Accounts in United States dollars, unless otherwise agreed with a Participating Employer pursuant to Rule 4.8. The Trustee shall not be responsible for any currency risk or conversion cost between such currency and United States dollar, which shall be a function of what it agrees with the bankers of the DEWS Plan. The provisions of this Rule 5.5 do not apply to Employer Contributions and Member Contributions remitted for investment in the Capital Protection Investment Option, which shall be paid and reflected in a Dubai Government Member's Account in UAE Dirham, and there shall be no cost of currency conversion from any other currency permitted in respect thereof.

- 5.6 Savings (representing the product of Member Contributions) are subject to special provision under Rule 6.6. Accordingly the Trustee shall separately identify a Member's Savings.
- 5.7 In the case of Dubai Government Members, the provisions of this Rule 5 shall be subject to Participating Employers being able to make corrections to their Employer Contributions on a monthly basis to facilitate payments made in advance by a Participating Employer that need to be corrected subsequently in accordance with approved policies and procedures.
- 5.8 The Trustee shall be not be responsible for any actions or delays with regards to the receipt or processing of Employer Contributions or Member Contributions where such contributions have been made by a Sanctioned Person or from a Sanctioned Country, and the Trustee shall be indemnified pursuant to the provisions of Clause 11.4 of the Trust Deed against all liabilities and expenses properly incurred by it in the execution of its duties in dealing with Sanctioned Persons and Sanctioned Countries.

 - (a) equal to the balance of that Member's Account on the date of payment, which shall be no more than fourteen (14) days after the Member's Benefits Date, unless the Trustee is unable to make payment at that time due to an insufficiency of information, in which case the payment shall be made as soon as reasonably practicable after the information has been provided; or
 - (b) as directed by the Member, provided that the Service Termination Date has occurred and the Member has retained his or her Benefits in the DEWS Plan and is desirous of withdrawing part, but not all of the available Benefit. The Trustee shall make the payment within 14 days of receiving the request in

writing from the Member in the form prescribed in the Scheme Materials, unless the Trustee is unable to make payment at that time due to an insufficiency of information, in which case the payment shall be made as soon as reasonably practicable after the information has been provided.

- 6.2 The amount payable under Rule 6.1 shall be payable to or at the direction of the Member, unless for the purpose of Rule 6.1(a), the Service Termination Date or the Benefits Date has occurred by reason of the Member's death, in which case Rule 7 shall apply to determine to whom Benefits shall be paid.
- 6.3 The Trustee will make any payment due under Rule 6.1 (in accordance with Rule 6.2 or Rule 7, as the case may be) by way of bank transfer. However, Rules 6.1, 6.2 and 7 are subject to an overriding provision that the Trustee shall not make any payment to an account at a bank or branch located in a Sanctioned Country or to a person who is (or to an account held by a person who is) a Sanctioned Person.
- 6.4 Where a payment which would otherwise be due and owing is prevented by operation of Rule 6.3, the Member is deemed for the purpose of the Rules to have made an election as envisaged by the definition of "Benefits Date" (even if Rule 6.3 operates after the fourteen (14) day period envisaged by that definition has elapsed) unless the Benefits became payable in consequence of the Member's death, in which case the Trustee shall periodically use reasonable endeavours to make the payments required by Rule 7 without Rule 6.3 being engaged. Where the Member is deemed to have made an election under the said definition of "Benefits Date", the Trustee is not required to make any further attempt at payment until the Member subsequently elects as set out in the said definition (or until the Trustee has been notified that the Member has died).
- 6.5 If because of the operation of Rule 6.3 no payment has been made within six (6) years of the date when the Benefits Date in fact occurred (that is, ignoring any deemed election to defer by operation of Rule 6.3), Rule 13.3 shall apply as if the Member had died on that date and the benefits remained unclaimed thereafter, unless any Participation Agreement or Applicable Law requires otherwise.
- 6.6 Where a Member's Savings Access Date has occurred, the Trustee shall pay the Member an amount up to thirty percent (30%) of the value of the level of his or her Savings as at the Savings Access Date, subject to any restrictions on frequency of Savings withdrawals set out within the Scheme Material by making a payment under this Rule 6 as if:
- (a) the only contributions that had been made to the DEWS Plan for the Member were his or her Member Contributions; and
 - (b) the Member's Benefits Date were his or her Savings Access Date,

provided that payment of Savings under Rule 6 as modified by this Rule 6.6 shall be without prejudice to the subsequent payment of the Member's remaining Benefits after the Member's Benefits Date.

7. PAYMENT OF BENEFITS IN THE EVENT OF THE MEMBER'S DEATH

7.1 If this Rule 7 applies as a result of Rule 6.2, one or more payments equal in aggregate to the amount payable under Rule 6.1 shall be made by the Trustee to the recipient/s identified in accordance with this Rule.

7.2 The recipient/s to whom payments shall be made, and the shares of the aggregate amount payable that each shall receive, shall be determined by the Trustee in its absolute discretion from amongst the possible objects of Trustee discretion set out in Rule 7.3, taking into account any wishes of the Member's recorded in a Nomination Form, unless Rule 7.4 applies.

7.3 The possible objects of the Trustee's discretion applicable to the exercise of discretion under Rule 7.2 are:

- (a) any parties identified in or by way of a Nomination Form of the Member;
- (b) the Member's Dependants, to the extent not within paragraph (a); and
- (c) the Member's Relatives, to the extent not within paragraphs (a) or (b).

7.4 If, in considering exercise of discretion under Rule 7.2, it appears to the Trustee that one or more possible determinations that it might make under Rule 7.2, would (if made) give rise to a dispute concerning:

- (a) the entitlement of a recipient to receive payment under this Rule; and/or
- (b) the amount payable to a recipient; and

arising in any court of competent jurisdiction (other than the Court, and whether situated in the United Arab Emirates or elsewhere) which would have jurisdiction over one or more of the possible recipients, then the Trustee may (instead of exercising discretion under Rule 7.3) make payment into a court of that jurisdiction for it to determine in accordance with its applicable law how the amounts so paid should devolve.

8. INVESTMENTS AND INVESTMENT CHOICES

8.1 New Money shall be invested by the Trustee in:

- (a) buying units for the Member to whom they relate in one or more of the Funds;
or
- (b) in the case of a Dubai Government Member that has selected the Capital

Protection Investment Option, in the relevant Fund and/or bank account,

as soon as reasonably practicable after becoming available for investment in the hands of the Trustee and in any event within the timescales set out in relation to the Funds and/or bank account in question in the Scheme Material.

- 8.2 Unless Rule 8.3 applies, New Money shall be invested in accordance with the most recent New Money Direction for the time being provided by the Member.
- 8.3 If the Member has not provided a New Money Direction, the Trustee shall invest New Money by reference to the Default Investment Profile applicable to the Member's circumstances, such determination to be made by the Trustee in its absolute discretion.
- 8.4 If a Member provides a Switching Direction, the Trustee shall disinvest Fund units as identified in the Switching Direction or, in the case of the Capital Protection Investment Option involving a bank account deposit withdraw such funds, and reinvest the proceeds in such Fund, Funds or bank account (and if more than one in such proportions) as are directed by the Member in the Switching Direction.
- 8.5 For the avoidance of doubt:
- (a) All investment choices are made by the Member at their own risk. Neither the Trustees nor the Participating Employer shall have any responsibility or liability in relation to investments made in accordance with a New Money Direction or Switching Direction given by the Member, or any responsibility to advise the Member about the choices he or she makes under the Rules, to warn the Member about the consequences of making or not making choices in a particular way, or to remind the Member about the desirability of making or revising choices from time to time.
 - (b) Apart from under Rule 8.6 and Rule 8.7, the Trustee has no power to vary the Fund units held for a Member otherwise than in accordance with a Switching Direction (or the reinvestment of income from Funds in accordance with Rule 8.9) save for in the event of a Fund closure outside of the Trustee's control, in which case the Trustee shall have the power to, in consultation with the Investment Advisor and the Supervisory Board, and subject to approval by the Recognized Regulator, transfer the assets to an alternative fund.
 - (c) The Trustee may limit the ability of Dubai Government Members who have selected the Capital Protection Option not to be also invested into other Funds on the Investment Platform at the same time and *vice versa* (i.e. Employer Contributions and Member Contributions of Dubai Government Members can either be invested

in full in the Capital Protection Investment Option or in full into other Funds on the Investment Platform but not in part into both at the same time).

8.6 Where an amount is properly chargeable to a Member's Account under Rule 4.4 (c), (d) or (e), the Trustee shall disinvest such units in Funds held for the Member as are equal in aggregate to the amount being charged, less the amount of any uninvested cash then held for the Member, and in selecting the units to be disinvested shall take into account the Member's New Money Direction (or the Default Investment Profile, if applicable) but shall act in their absolute discretion.

8.7 If a Member, in the opinion of the Trustee:

(a) is incapable of managing his or her affairs (without any person being validly appointed as attorney to do so on his or her behalf); or

(b) cannot be traced (for example because he or she is no longer employed by any Participating Employer and no address is held for him or her on behalf of the Trustee),

then the Trustee may in its discretion decide to vary the investment choices for the Member as if a Switching Direction has been issued by the Member specifying that Fund investments be made according to the Default Investment Profile as it applies to the Member (and to any extent relevant deeming a New Money Direction to have been given which also specifies the Default Investment Profile) subject to what may have been agreed otherwise in a Participation Agreement or as may be required under an Applicable Law.

8.8 The value shown in the Member's Account in relation to units in Funds shall be calculated by reference to the price for such units at the time the entry in the Member's Account is made.

8.9 For the avoidance of doubt, to the extent that units in Funds held for a Member produce dividends or other earnings that are not automatically reinvested by the Fund Manager (so as to be reflected in an increase in the price for units in the Fund) these shall be reinvested by the Trustee in the purchase of further units in the same Fund.

8.10 There is no restriction as to how frequently a Member may issue a New Money Direction or a Switching Direction.

8.11 Each fund selected by the Trustee for inclusion on the Investment Platform must:

(a) be established in a Recognised Jurisdiction and managed by a person regulated by a

Recognised Regulator; and

(b) incorporate a charging structure which would conform to Rule 9.1.

8.12 The funds selected by the Trustee for inclusion on the Investment Platform must at all times include one or more Shari'a compliant options.

8.13 Following a request by the Supervisory Board, the Trustee may resolve to include Local Allocation Funds within the Investment Platform provided that:

(a) it shall be in the complete discretion of the Trustee to determine whether any Local Allocation Funds are to be included within the Investment Platform, and if so how many and which, but if any Local Allocation Funds are selected, there must be at least one cash fund and one money market fund;

(b) no Member shall be permitted:

(i) to elect in a New Money Direction for more than the Specified Percentage of New Money to be invested in Local Allocation Funds; and

(ii) to elect in a Switching Direction for more than the Specified Percentage of the accumulated Member's Account to be invested by reference to Local Allocation Funds,

but the Trustee and the Member shall not be required to rebalance the reference assets from time to time so as to reduce the percentage of the balance of the Member's Account that is for the time being represented by Local Allocation Funds to the Specified Percentage, where the differing investment return of Funds represented in a Member's Account have caused that percentage to exceed it.

8.14 Notwithstanding any of the provisions of this Rule 8, New Money Directions and Switching Directions may be limited for Dubai Government Members as per the requirements of a relevant Participation Agreement or any Applicable Law.

8.15 Any limitations agreed to by the Trustee in a Participation Agreement or any Applicable Law to the extent provided for in Rule 8.14 shall remove any responsibility of the Trustee to act in the best interests of such Members in so far as their investment options are being limited.

9. INVESTMENT CHARGES

9.1 Subject to applicable bank charges, the price at which Fund units are purchased under the DEWS Plan includes no initial charge. Accordingly there is no front-end fee when New Money is invested and one hundred percent (100%) of all New Money invested is

reflected in the value of units acquired. Subject to any applicable bank charges, no rear-end exit fee or penalties for withdrawal are levied when units are disinvested.

- 9.2 Annual fund management charges for each Fund are levied by the Fund Manager out of funds under management and are thus reflected in unit prices.
- 9.3 In the case of some Funds there may also be an annual custodian or trustee fee levied out of assets under management in the Fund and are thus reflected in unit prices.
- 9.4 No other charges are applicable in relation to investments representing reference assets for a Member's Money Purchase Benefits, but without prejudice to administration and Trustee fees.
- 9.5 The Trustee shall employ all reasonable efforts to ensure that Employer Contributions and Member Contributions of Dubai Government Members invested into Capital Protection Investment Option that are held in a bank account do not attract any bank charges, inclusive of the costs of any local transfers out of the DEWS Plan.

10. PLAN ADMINISTRATION, INVESTMENT ADVISORY AND FEES

- 10.1 The day-to-day administration the Plan in accordance with the Trust Deed and the Rules (including the operation of Member Accounts, the investment of New Money in the acquisition of Fund units and the provision of Benefits) will be carried out on behalf of the Trustee by the Administrator in accordance with detailed arrangements agreed between them.
- 10.2 The facilities offered by the Administrator in respect of such administration (including, without limitation, the availability of online resources) are described in the Scheme Material.
- 10.3 The Administrator's fees are as agreed from time to time with the Trustee. How these fees are to be charged to Members' Accounts will be decided by the Trustee in its absolute discretion, subject to the requirements of the DFSA Rules and will be included in the Trustee's annual report to the Supervisory Board.
- 10.4 The Trustee, as outlined within the DFSA regime, must appoint an Investment Adviser to advise it from time to time in relation to the Funds to be placed or retained on the Investment Platform in accordance with detailed arrangements agreed between them. The details of such arrangements and the Investment Adviser's reports in respect thereof shall be included in the Trustee's annual report to the Supervisory Board under Rule 14.5.

- 10.5 The Investment Adviser's fees are as agreed from time to time with the Trustee. How these fees are to be charged to Members' Accounts will be decided by the Trustee in its absolute discretion, subject to the requirements of the DFSA Rules.
- 10.6 The Trustee's fees are as set out in the Trusteeship Agreement for the time being. How these fees (and Trustee expenses within the scope of the indemnity under Clause 11 of the Trust Deed) are to be charged to Members' Accounts will be decided by the Trustee in its absolute discretion within any parameters established by the Trusteeship Agreement, provided that such fees are in accordance with the fees and charges provisions set out within the DFSA regime.
- 10.7 The provisions of this Rule 10 are subject to what may be agreed to by the Trustee in a Participation Agreement in respect of a Capital Protection Option for Dubai Government Members, provided that the Trustee shall under no circumstances be responsible for any shortfall between the aggregate of Employer Contributions and Member Contributions and the net asset value thereof in any Fund concerned.

11. PARTICIPATING EMPLOYERS

- 11.1 The duties of Participating Employers under the DEWS Plan are as set out in this Rule 11.
- 11.2 Participating Employers must pay Employer Contributions in accordance with Rules 5.1 and 5.2.
- 11.3 Participating Employers must operate any arrangements for the deduction of Member Contributions from a Member's salary and their remittance by Participating Employers to the DEWS Plan established by the Trustee and set out in the Scheme Materials.
- 11.4 Participating Employers shall provide the Administrator with such information about persons in their employment who are (or are to become) Members (and in such format) as the Trustee may reasonably require.
- 11.5 A Participating Employer must notify the Administrator of such changes in the information previously provided about a Member (and in such format) as the Trustee may reasonably require, within the timescales set out in the Scheme Material.
- 11.6 A Participating Employer must notify the Administrator immediately it becomes aware that a Member's employment with the Participating Employer will cease or has ceased (whether by resignation, retirement, dismissal, expiry of a fixed term or death).
- 11.7 Participating Employers will assist the Administrator by passing on such information to

Members as the Administrator reasonably requests in relation to the DEWS Plan, specifically (but without limitation) in relation to joining the DEWS Plan under Rule 3 and the payment of benefits under Rule 6. It is acknowledged that Participating Employers may therefore be given information for Members relating to the value of the Benefits prospectively payable under the DEWS Plan and Participating Employers shall keep this information confidential.

11.8 Participating Employers must continue to comply with Rule 11.6 in relation to a Member even if an Alternative Scheme Nomination has become effective in relation to him or her, or a Cessation Date occurred until an Alternative Scheme Transfer Out has occurred.

11.9 Participating Employers must assist the Operator and the Administrator in respect of any requests related to AML Requirements imposed by DFSA Rules.

12. TAX

12.1 The intention is that payments out of the DEWS Plan are made without the deduction of any tax. The Member shall be responsible for the payment of any and all tax on Benefits and each Member is responsible for their own taxation affairs, including, without limitation, procuring taxation advice and making such declarations to tax authorities as may be required by any tax authority to which the Member is subject. However, this Rule 12.1 is without prejudice to Rule 12.2.

12.2 If notwithstanding Rule 12.1 the Trustee has a liability to pay tax for or by reference to a Member's prospective Benefits under the DEWS Plan, it may comply with that liability with monies generated by realising Fund units from the reference assets underlying the Member's Money Purchase Benefits and make a corresponding deduction to the Member's Account.

12.3 Unless otherwise agreed with the Supervisory Board, the provisions of this Rule 12.2 shall not apply to a Dubai Government Member invested into the Capital Protection Investment Option.

13. ASSIGNMENT, CHARGING OF BENEFITS, EMPLOYER'S LIEN AND UNCLAIMED BENEFITS

13.1 A Member may not assign or charge the reference assets underlying the Member's Money Purchase Benefits or the Benefits prospectively provided under the DEWS Plan and any act which purports to assign or charge them (or which would conditionally or unconditionally cause Benefits to be payable to another instead of to the Member (or following the Member's death, in accordance with Rule 6.1) shall be a nullity.

13.2 Subject to Rule 13.3, the Trustee shall pay to a Participating Employer on behalf of a Member, any amounts which are due and owing by the Member to the Participating Employer:

- (a) at the request of the Member (made in writing to the Trustee, and confirming the amount owing);
- (b) at the request of the Participating Employer (made in writing to the Trustee, and producing an order of the Court showing the amount ordered to be paid); or
- (c) in the case of Dubai Government Members, Private Sector Members or Other Members, at the request of the Participating Employer (made in writing to the Trustee, and producing reasonable satisfactory proof (as defined in clause 14.4(a) of the Trust Deed) to the Trustee that the amount is due and owing in accordance with an Applicable Law),

and the Trustee shall be permitted to the extent necessary to realise Fund units from the reference assets underpinning the Member's Money Purchase Benefits. The Trustee shall then make corresponding deduction to the Member's Account.

13.3 The Trustee shall not have any responsibility to make payments to a Participating Employer any amounts which are due and owing by a Member to a Participating Employer pursuant to Rule 13.2 in circumstances where the request is made subsequent to a Cessation Date, a Service Termination Date or the date of payment of a Gratuity Transfer Amount, whichever may apply in the circumstances.

13.4 Where the Trustee has been unable to pay Benefits as a result of an insufficiency of information and six (6) years have expired since the latest date the Benefits Date could have occurred, no claim to Benefits under the DEWS Plan may be maintained in relation to the Member's Qualifying Service under the DEWS Plan, the Member's Account shall be closed, and the assets which were previously the reference assets for the Member's Money Purchase Benefits shall be treated as available for the Plan Reserve, unless any Applicable Law requires otherwise.

14. INFORMATION TO BE PROVIDED TO MEMBERS

14.1 The Trustee shall Make Available the following basic information to each Member at the time that he or she enters Qualifying Service (or as soon as reasonably practicable thereafter):

- (a) a summary of the Rules applying to the Member in relation to Employer Contributions and Member Contributions (including any variations contained in a Benefit Annex);
- (b) a summary of the Rules applying to the Member in relation to Benefits prospectively payable on the Member's Benefits Date (including any variations contained in a

Benefit Annex);

- (c) a statement of options under the DEWS Plan from time to time (including under any Benefit Annex), including (without limitation):
 - (i) options in relation to New Money Directions and Switching Directions;
 - (ii) options in relation to Nomination Forms; and
 - (iii) the option to defer the Benefits Date beyond the Service Termination Date;
 - (d) a statement of how information will or may be provided during the period of Membership (as more particularly set out in the rest of this Rule 14);
 - (e) a statement of how the Member may contact the Trustee and the Administrator, and the procedure for making complaints about the administration of the DEWS Plan.
- 14.2 Where information already provided to a Member under Rule 14.1 changes, the Trustee shall Make Available to the Member with the updated information as soon as reasonably practicable.
- 14.3 The Trustee shall, within one (1) month of receipt of a written request by a Member Make Available to the Member a copy of:

- 14.5 Within two (2) months of presenting its annual report and accounts to the Supervisory Board under Clauses 6.2 and 6.4 of the Trust Deed, the Trustee shall Make Available to each Member a summary of the annual report and accounts.
- 14.6 Upon receiving notice from a Participating Employer that a Member's Service Termination Date will occur (or, when the Trustee learns that a Member's Service Termination will occur, the Trustee shall as soon as reasonably practicable following

receipt or becoming aware of that information) the Trustee will Make Available to the Member an estimate of the Benefits that will be available for him or her, together with a statement of the Member's options in relation to payment of Benefits.

14.7 For the avoidance of doubt, Article 66(2) of the Trust Law applies to the DEWS Plan, so that the Trustee need not disclose to any Member or Employer documents which disclose the Trustee's (or its agents' or delegates') deliberations or reasons for exercising any power under the Trust Deed or the Rules in a particular way.

14.8 The Trustee shall maintain the Portal to enable Members to access information about the DEWS Plan and their Benefits online, and to communicate with the Trustee and the Administrator. The Portal shall:

- (a) use encryption to ensure so far as reasonably practicable the integrity and confidentiality of Member data and communications;
- (b) be configured so that Members are able to print or download items for their personal records; and
- (c) be configured so that in any event items Made Available to a Member are retained without amendment, and remain accessible to him or her, until at least six years after the Member's Benefit Date has occurred. (Where an item requires amendment, either for updating or to correct an error, the item before amendment shall be retained and remain accessible, but labelled to explain the nature of the amendment and that reason it was made).

15. TRANSFERS TO OR FROM THE DEWS PLAN

15.1 A Participating Employer may, with the prior written consent of a Member if required under an Applicable Law, pay to the Trustee any amount which would be a "Gratuity Transfer Amount" for that Member within the Employment Law or a like amount for that Member under an Applicable Law which applies in respect of the Member and it shall count as an Accrued Gratuity Transfer under these Rules.

15.2 The Trustee may receive an amount for a Member from another Qualifying Scheme under which the Member has previously accrued benefits in accordance with an Applicable Law and it shall count as an Alternative Scheme Transfer under these Rules.

15.3 Where:

- (a) an Alternative Scheme Nomination occurred in relation to a Member; or
- (b) a Cessation Date occurred in relation to a Member's (former) Participating Employer,

the Trustee shall, subject to Rule 15.4, at the request of the Participating Employer (or former Participating Employer) make a payment equal to the balance of the Member's Account to another Qualifying Scheme which the Member has joined or, if there be no such Qualifying Scheme, to such other person or persons as the Trustee shall determine, subject to any approval or no objection of the DFSA, as may be required under the DFSA Rules. A payment under this rule 15.3 shall count as an Alternative Scheme Transfer Out under these Rules. Such payment shall be free of charge, other than any bank charges that may be applied to the payment.

15.4 Where a Cessation Date occurred in relation to a Dubai Government Member, the Trustee shall make a payment equal to the balance of the Member's Account to an account as the Participating Employer or the Department of Finance may stipulate for such purpose. A payment under this rule 15.4 shall count as an Alternative Scheme Transfer Out under these Rules. Such payment shall be free of charge, other than any bank charges that may be applied to the payment.

15.5 A Participating Employer may with the consent of the Trustee make a payment to the Trustee of any amount which would have counted as an Accrued Gratuity Transfer under Rule 15.1, notwithstanding the absence of any consent that was required under an Applicable Law. If this happens, the Trustee shall open and maintain a Special Account for the Participating Employer in relation to the Member, but for the avoidance of doubt the Member's Account will be unaffected by the existence of the Special Account and the Participating Employer's obligations under any Applicable Law will be unaffected as no "Gratuity Transfer Amount" will have been paid for its purposes.

16. FORFEITURE OF BENEFITS

16.1 Where an Applicable Law allows for the forfeiture of a Member's end-of-service benefits as a consequence of the Member's termination of employment for cause, gross misconduct and/or gross negligence, the Trustee shall, upon an Employer showing reasonable satisfactory proof (as defined in clause 14.4(a) of the Trust Deed) to the Trustee of the termination of employment of the Member concerned and the grounds of forfeiture of end-of-service benefits, pay to the Employer concerned either of:

- (a) the Employer Contributions made in respect of the relevant Member; or
- (b) in the event of there being a lesser amount in the Member's Account than the aggregate Employer Contributions made into Member's Account (less any investment losses in Funds invested into on the Investment Platform not involving the Capital Investment Protection Option that are applicable to those Employer Contributions), the full withdrawal proceeds from the Member's Account attributable to those Employer Contributions only.

16.2 Where an amount is to be withdrawn from a Member's Account under Rule 16.1, the Trustee shall disinvest such units in Funds held for the relevant Member as are equal in

aggregate to the Employer Contributions made in respect of the relevant Member, less the amount of any uninvested cash then held for the Member, and in selecting the units to be disinvested the Trustee shall act in its absolute discretion.

- 16.3 For the avoidance of doubt, the Trustee shall not be under any obligation to pay to an Employer, in the circumstances in Rule 16.1 prevailing, any proceeds of investment held in a Member's Account in excess of the Employer Contributions (less any investment losses in Funds invested into on the Investment Platform not involving the Capital Investment Protection Option that are applicable to those Employer Contributions) made in respect of the Member concerned, which shall be held and dealt with under the Rules for the benefit of the Member.
